Dean: Fayzulloev E.F.

Chemistry has been taught at Tajik National University since its establishment from 1959. The Faculty of Chemistry consists of 7 departments, which presents all the contemporary areas of chemical science and relevant specializations to train highly qualified chemists

- Department of Applied Chemistry (Head of Department Rafiev R.S.);
- Department of Physical and Colloidal Chemistry (Head of Department Davlatshoeva J.A.);
- Department of Inorganic Chemistry (Head of Department Bakhodurov Yusuf Fayzulloevich);
- Department of High-Molecular Compounds and Chemical Technology (Head of Department Samikov Shonavruz Rakhimovich);
- Department of Organic Chemistry (Head of Department Rajabov S.I.);
- Department of Methods of Teaching Chemistry (Head of Department Qurbonova M.Z.);
- Department of Analytical Chemistry (Head of Department Khusaynov A.D.).
