Dean: Valiev Sh.F.

Geology is the study of the Earth, the materials of which it is made, the structure of those materials, and the processes acting upon them. It includes the study of organisms that have inhabited our planet.

The Faculty of Geology is a world-known educational and research centre. The Faculty of Geology enrolls young people both interested in this profession and able to value the beauty of nature, being active, creative and open to friendship. The Faculty trains specialists in fundamental research in both theoretical and applied branches of Earth sciences.

The Faculty of Geology was founded in 1948. **The programme in Geology is jointly supported by four departments:**

- Department of Geology and Mining Engineering Management(Head of Department Andamov R. Sh.)
- Department of Geology and Exploration of Minerals(Head of Department Garibmamadova S.N.)
- Department of Hydrogeology and Engineering Geology(Head of Department Gayratov M.T.)
- Department of Mineralogy and Petrography(Head of Department Talbonov R. M.)
